PUBLIC SCHOOL REVIEW

Purpose

All Western Australian public schools are reviewed every three years by the Department of Education's Public School Accountability directorate. A review gives assurance to the local community, the Minister for Education and Training and the Director General that a school is operating effectively and delivering high quality education to its students. The review acknowledges the achievements of the school and gives feedback to support the principal and staff with their improvement planning.

The principal provides the review team with a self-assessment of the school's performance based on evidence gathered by the principal and staff. Information validated by the review team is considered before and during the school visit. This forms the basis for the school review report. The report is provided to the principal, the chair of the school board/council and the Regional Executive Director.

Expectations of schools

For all Western Australian public schools, expectations are set out in either: the Delivery and Performance Agreement, which is an agreement between the Department (represented by the Director General), school (represented by the principal) and school board (represented by the school board chair); or, the Principals' Statement of Expectations and the Funding Agreement for Schools.

School performance rating

This performance rating is based on information gained from the self-assessment submission and the validation process. It is focused on a review of the following areas of school performance: relationships and partnerships; learning environment; leadership; use of resources; teaching quality; and student achievement and progress.

The school's performance rating is:

	Effective The school demonstrates effective practice in creating the conditions required for student success.
	Needs Improvement The school has aspects of its practice below expectations and needs supported action to improve student success.

Context

Two Rocks Primary School is located in the coastal suburb of Two Rocks, approximately 64 kilometres north of the Perth central business district within the North Metropolitan Education Region.

The school was established in 2007 and achieved Independent Public School status in 2012. Two Rocks Primary School offers contemporary indoor and outdoor learning environments, set amongst well-maintained grounds.

It has an Index of Community Socio-Educational Advantage rating of 966 (decile 7). The current enrolment is 474 students from Kindergarten to Year 6.

The school has a positive reputation within the community with many families accessing the school by bus. Community support is encouraged and the school benefits from the work undertaken by the School Board and fundraising committee.

School self-assessment validation

The principal submitted a comprehensive and rigorous school self-assessment.

The following aspects are confirmed:

- The school engages in comprehensive and regular self-assessment processes underpinned by the National School Improvement Tool.
- The principal provided opportunities for staff collaboration and engagement in the selection of data to inform the school's self-assessment.
- The school's self-assessment was enhanced significantly by conversations held with members of the school community during the validation visit.
- The Electronic School Assessment Tool (ESAT) submission provided an open, honest and transparent account of the current school context.

The following recommendations are made:

- As part of the well-established self-assessment processes in place, provide detailed analyses of the evidence submitted through the ESAT.
